REASONS FOR ALLOWANCE

1. Claims 8, 10-12, and 14-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in claim(s) 1, wherein the claimed invention comprises a substrate below the membrane having reflective areas under the plurality of gaps, wherein the gaps in the optically-active membrane portion are configured so that substantially equal optical energies are reflected from the membrane and from the substrate below the membrane, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
